Student Registration

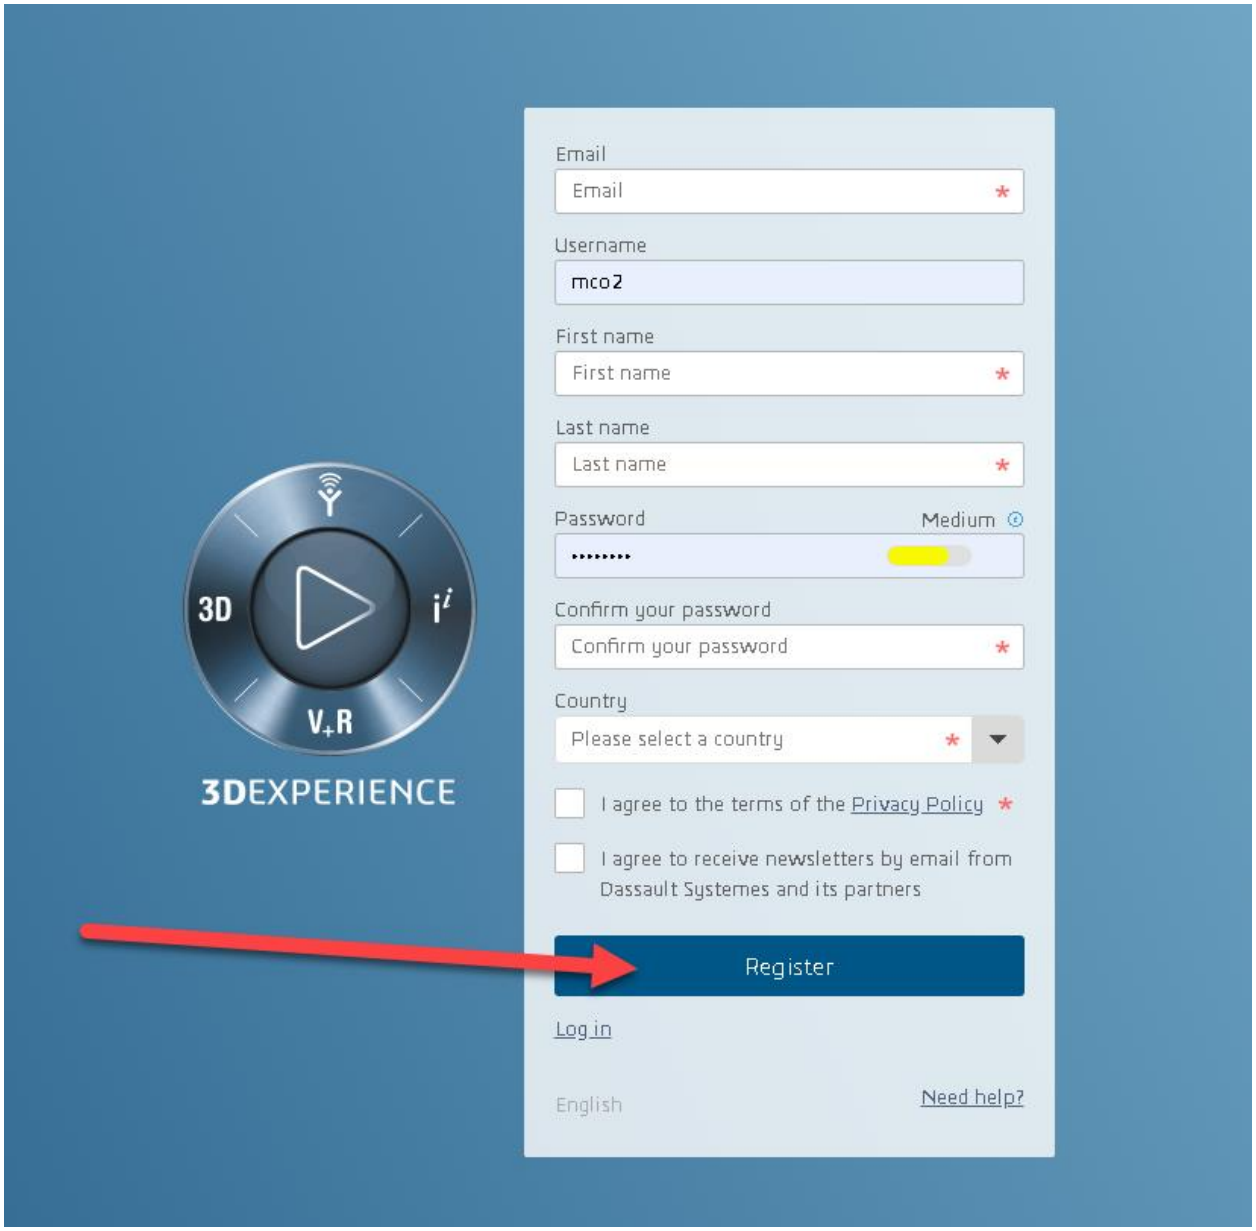

1- Go to https://academy.3ds.com/en and click right top on CONNECT

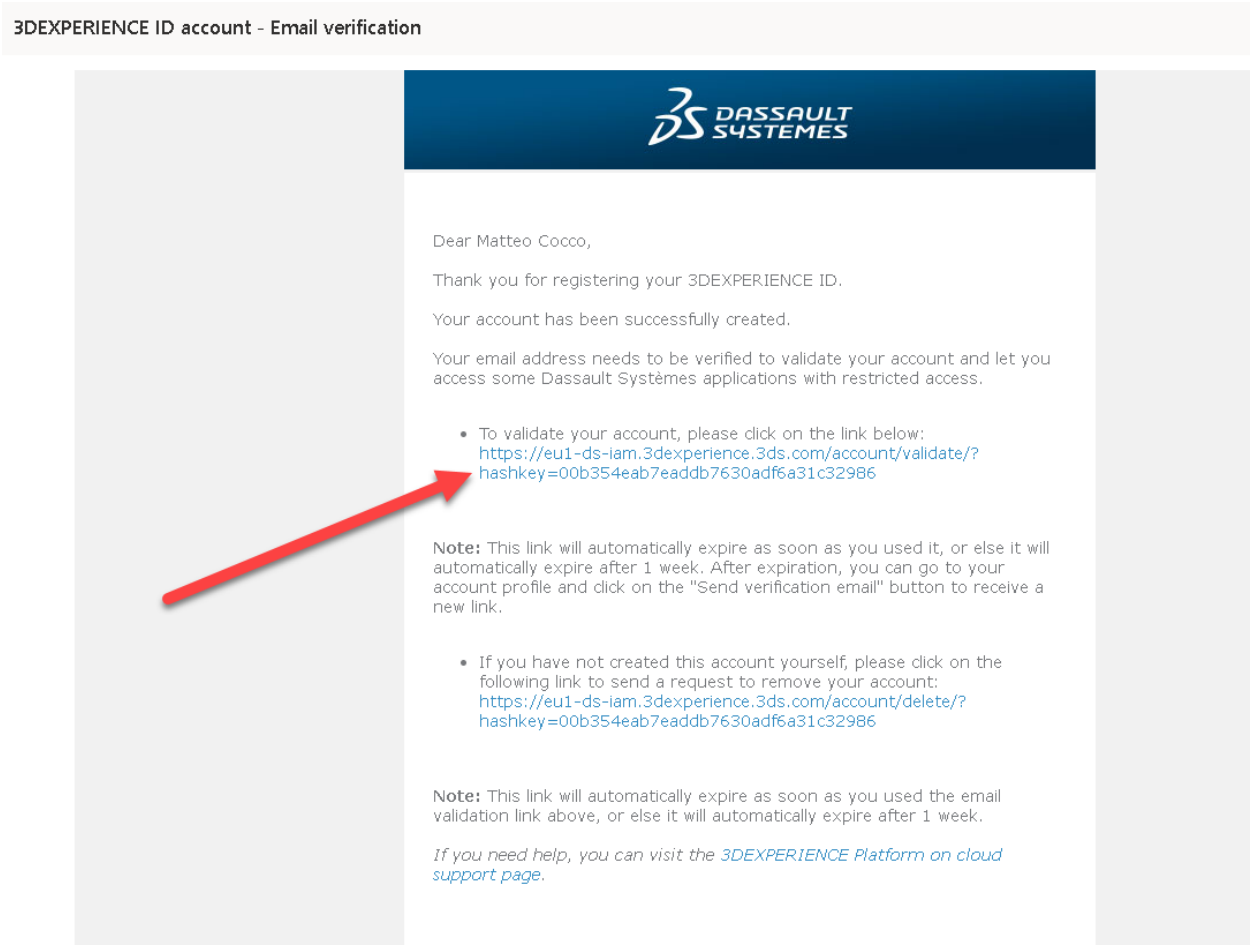

2- Click on Create your 3DEXPERIENCE ID

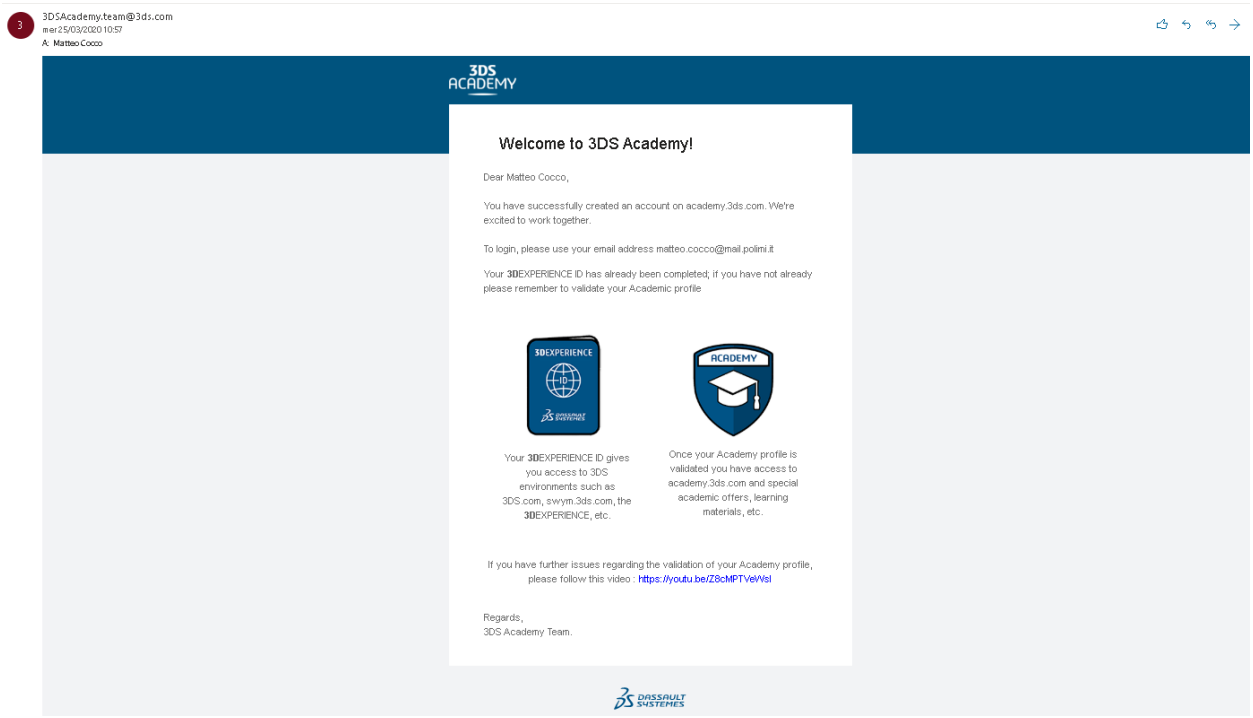

3- Fill Up the form and click REGISTER

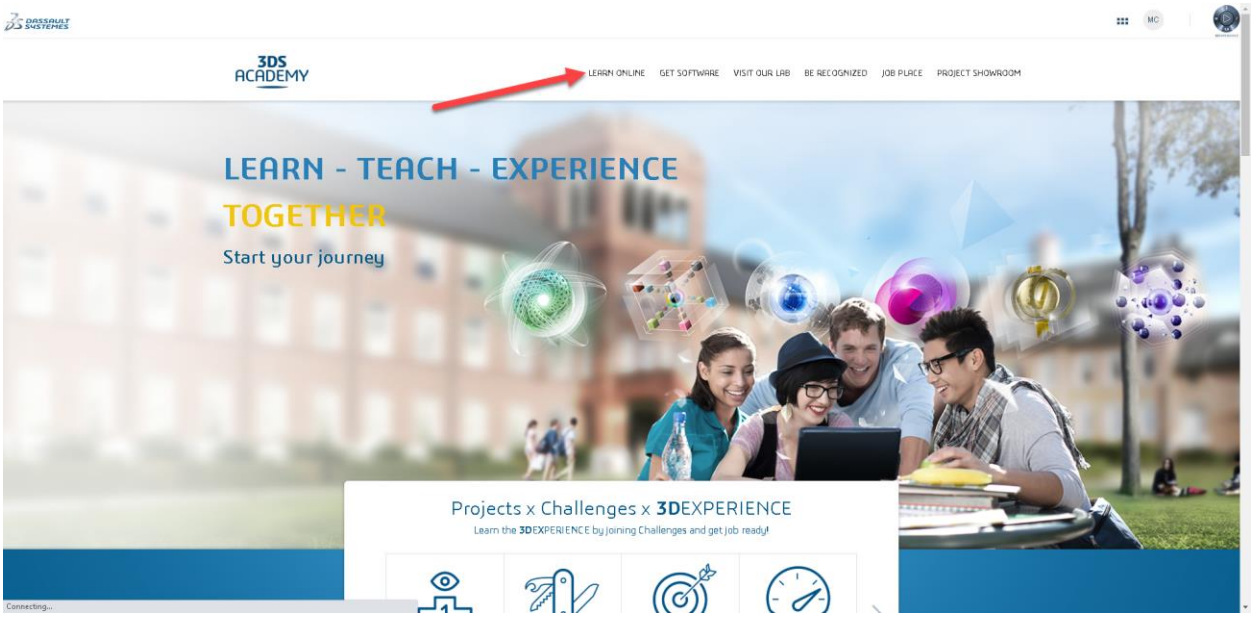

4- You will receive a mail for validating the profile

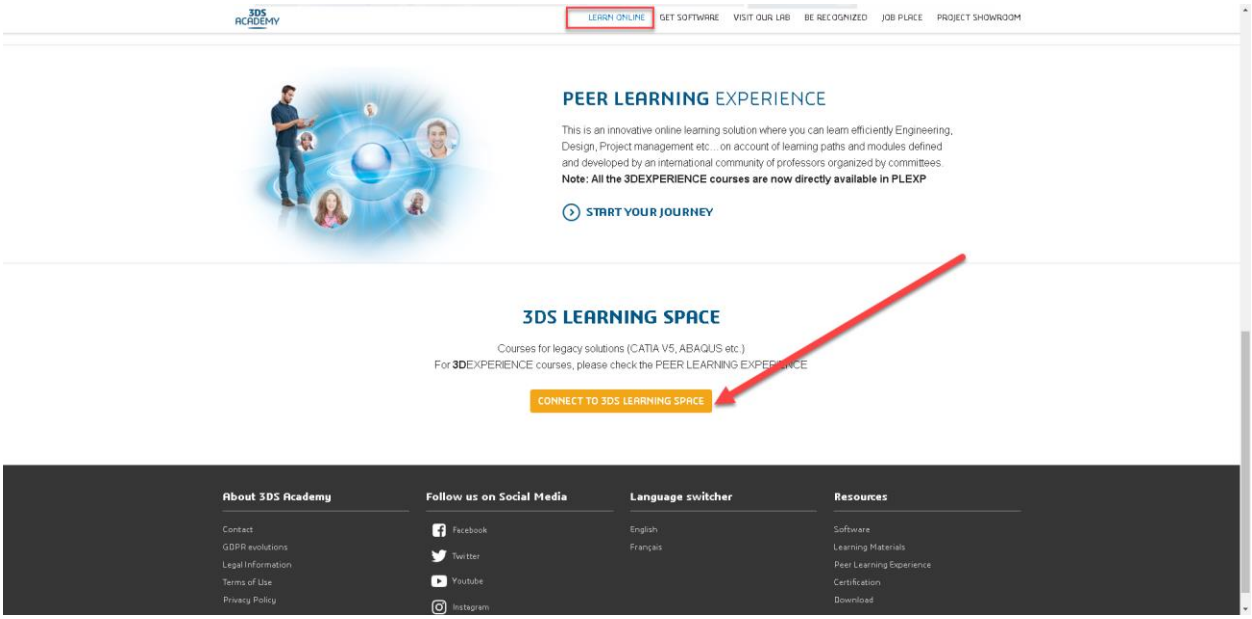

5- Once validated you have to access with your credential and you will be redirect to the https://academy.3ds.com/en and you receive a welcome mail

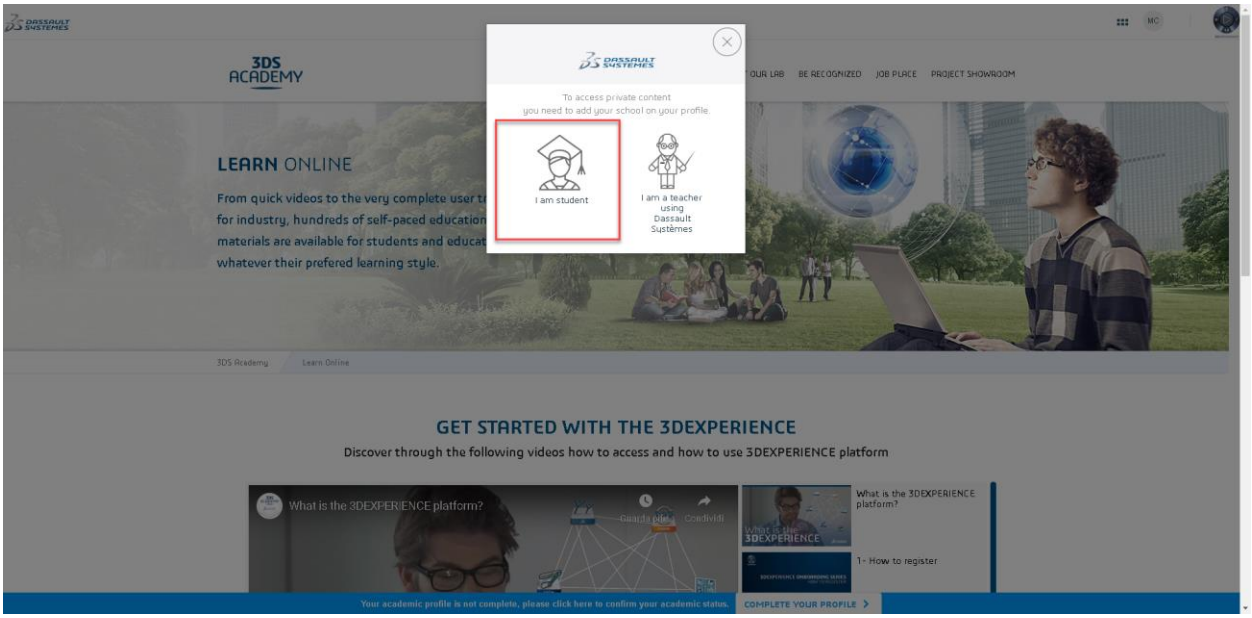

6- Try to access for the first time to the available content for confirm your student status, so Click on the tab Learn Online

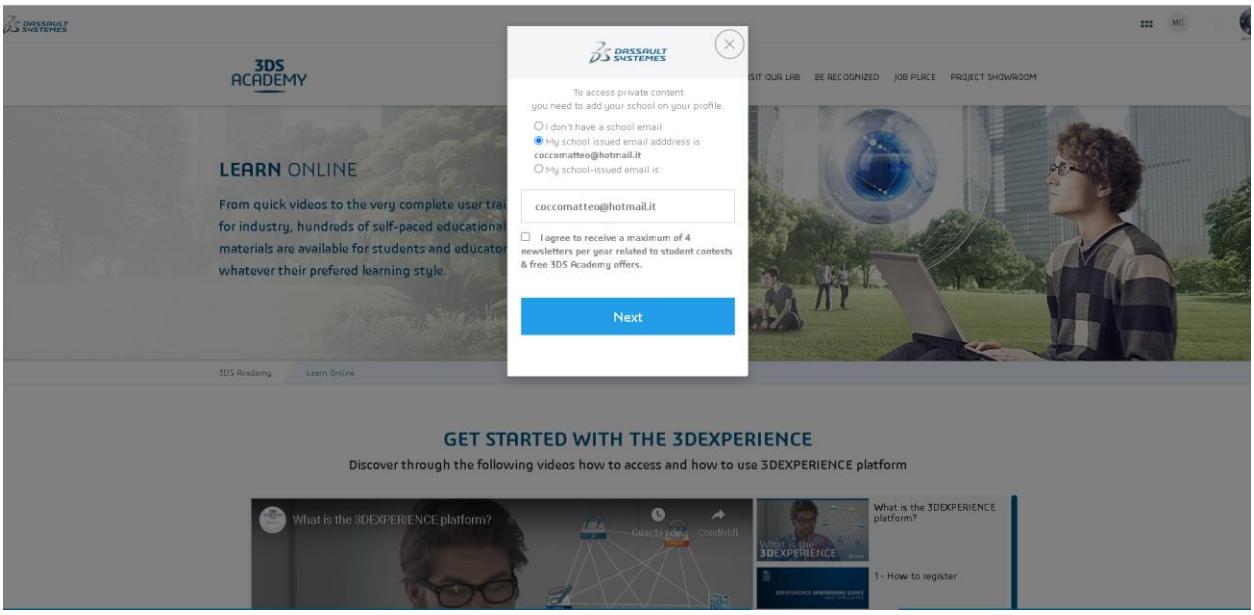

7- Click on Connect to 3DS Learning Space

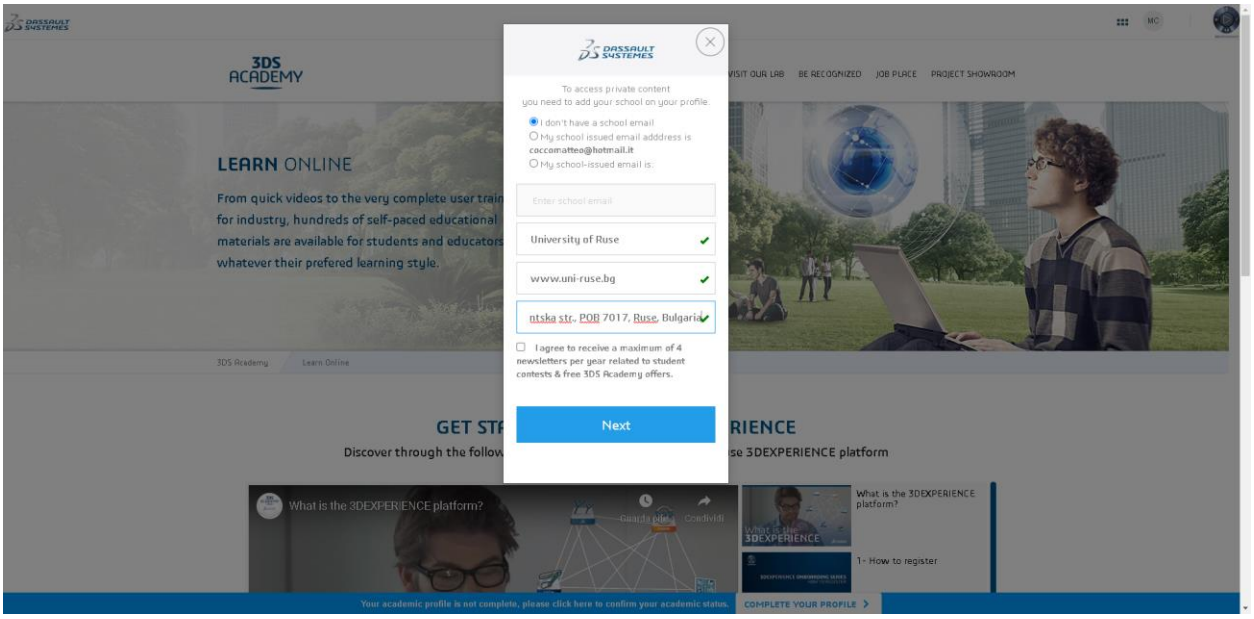

8- Confirm your profile as a student or professor

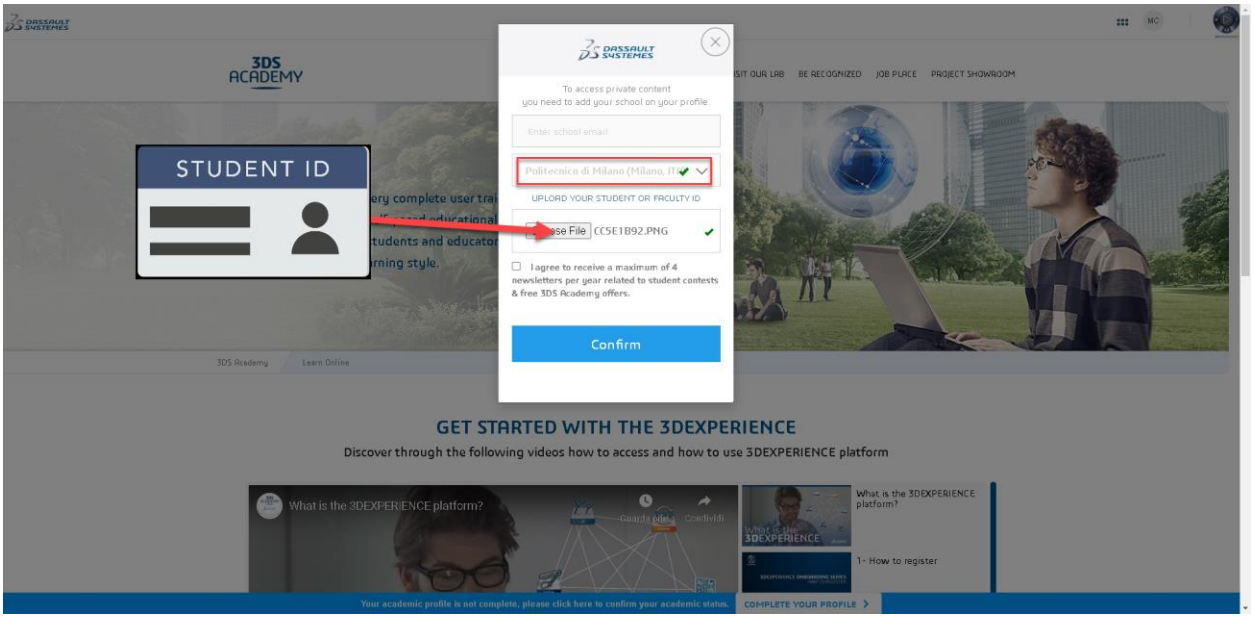

9- Associate your profile to the university
    a. E-mail form university domain
        i. If you are using an e-mail coming from the university domain select the second option **My School Issue email address is:** (see the picture) and the mapping will be done authomatically, if the mail of the university is not recognized send a request to matteo.cocco@3ds.com with the name of the university and the domain to be enabled

    b. E-mail personal and not from university doamain
        i. If you are using a personal e-mail or an e-mail not coming from the university please select the first option and fill up the information about the university, in this case the mapping is not done automatically and a proof is needed

ii. Select the university in the list, if unavailable click on Other and upload a proof of the fact that you are a student (copy ofstudent ID or any doc that can prove that you are a student) and then click **CONFIRM**

10- The registration is done and you will receive a mail confirming that your profile is going to be reviewed, if everything is ok you will get the access in few days for speeding up the process you can send an email to matteo.cocco@3ds.com with the profile mail.
